Chavadi Centenary year Celebrated In Shirdi Sai Worship Centre, Singapore

The Centenarian Chavadi Year was celebrated with great devotion and enthusiasm.

All devotees including Tikko family participated in making the programme a great success and a memorable event.

Baba's temple and Baba's palki was fully decorated with love and devotion by Pandit ji with the help of the devotees.

Devotees sang Baba's bhajans. The

bhajan program was organised from morning till evening. Lesson 37 (Chavdi Samaroh) of Shri Sai Satcharitra was read to mark the 100 yrs of Baba's Chavadi procession.

All devotees took part in Palki procession, including Tikoo family. Everybody was overjoyed and felt blessed. Devotees were merely dancing and singing bhajans with drum beats during the procession which was held within the temple compound.

Elaborating the importance of Chavadi Pujan centenary year, Pandit ji told the

devotees that Sai Baba used to sleep in Chavadi and Dwarkamai on alternate nights. Since 10th December, 1909, the tradition of taking the procession with the Bhajan instruments was started. Today, this tradition completed 100 years. So, this celebration was organized.

All devotees who came to the temple, felt blessed by Baba.

A Close Encounter With Death

Since I had a very close encounter with death, I want to share my experience with others.

I am 70 years of age and am a patient of blood pressure, heart, breathlessness, sinusitis etc. I start loosing my breath, the moment I walk about 100 yards or say climb one floor by stairs. Still I have been living an active life. I go to Shirdi at least twice a year. I also go to Mata Vaishno Devi at least twice in a year.

The incident is like this, on a Saturday of September 2009, at night, I felt breathlessness. I could not sleep. Both my nostrils were blocked & I felt suffocated. With Yoga breathing exercises, I somehow passed the night. My condition was same on Sunday night. But this time even yoga breathing exercise did not help. I had a very uncomfortable night. I decided to see a doctor since I was rather frustrated with my breathing problem.

As per my usual routine, I went to Sai Baba temple on Monday morning and sat in front of Baba's Moorti for few minutes to seek His benedictions as usual. During this silent meeting with Sai Baba, I was asked by Sai Baba Himself to write an article on "preparing for death". I reached home and started writing the article.

I had hardly written one paragraph when some guests came and I could not complete.

At about 5 p.m., I realized that my both nostrils were blocked and I had to see a doctor. My children took me to an ENT Specialist in a nearby hospital.

The doctor, after examining me, said that my condition was very serious since at night while breathing through mouth if the mouth gets closed inadvertently, the patient can even have cardiac arrest. He advised that I should get admitted immediately.

After admission in emergency ward some tests were carried out and seeing my condition I was transferred to I.C.U. where I was put on oxygen, drip, monitors to constantly watch my B.P., breathing, blood saturation level etc. The doctor advised for sinus operation immediately. The

operation was planned for Thursday. The doctors spoke to my relatives and informed in detail about my condition & the risks involved. Four points were not in my favour - obesity, low BP, heart trouble and age. It was clearly informed that there was risk of loss of vision and cardiac arrest.

Finally, the operation was performed. The time came when I was lying on operation theatre and the general anesthesia was about to be given. That could probably be the last request of my life time to my Ishta Devta Shirdi Sai Baba. I prayed my final prayer - O Lord, if I am not required anymore in this world, let me die peacefully. This will ease tension of my nears and dears once for all. I also asked my Ishta Devta that if he felt that I have performed my duties (in regard to the talent of writing bestowed on me by Him), then I should quit the world now. In case, He feels that I have yet to do some more in regard to my talent task towards my Ishta Devta, then he should consider increasing lease of my life by some more time. Later, I went into sleep i.e., I became un-conscience. No count of time could be guessed. During my unconscious state of mind, I found Sai Baba emerging from darkness. Following him a few moments later I saw Yamraj on his royal bull heading towards me. Sai Baba by hand signaled the Yamraj to go back.

The Yamraj returned in darkness. Sai Baba looked towards me and blessed me by raising his right hand & within moments he went out of sight. Right at that time doctor was heard saying that the operation is over, open your eyes slowly. I was informed that operation has been successful and I was being shifted to I.C.U. I came out of Operation Theatre completely dazed.

When Sai Baba had directed me to write on death and the death had been referred to directly or indirectly. I started thinking as to what my Ishta Devta wants from me. To prepare myself for death or to write to guide others to prepare for death. In hospital, the word death was referred at least 3 times if not more.

Evidently it means that I

got saved by the grace of Sai Baba. I silently bowed my head to Him and promised to myself that from now onwards, this life is to be considered as gift of God.

Maximum time will be spent in writing about Sai Baba. I shall try to use my body as a vehicle for doing the saintly and Godly jobs by doing maintenance of this body at regular intervals since its now a gift of God.

After seeing death from so close, and getting extension of lease in this body one should work for God most of the time. Enjoy life to keep the body parts in hale and hearty manner by regular greasing of joints which produce happiness.
