## Miracle of Sai Baba

My name is Mohan Dwivedi, I am 33 years old, and I live in China. In July 2008, I had an unusual problem when the Chinese doctors told me that my brain has shrunk. The doctors were astonished to learn this as I am too young to have this problem. According to them, it was the rarest of the rare cases and could not have happen to a 31 years old, under any circumstances. They even said that I could be losing my intelligence and won't be able to recognise anyone. In January 09, it was confirmed by the doctors in India as well. Here I have to tell you that I only took Chinese medicines for 4 weeks. It was with immense apprehension that I took those pills as I was not sure what was given to me by the Chinese doctors as there is a huge language barrier in

China. I was devastated and cross checked with some other qualified doctors/hospitals, but they confirmed the same. Sai Baba was my only hope and I kept chanting His name and reading Shri Sai Satcharitra till January 2009. I had faith that Baba would perform a miracle and He did.

On 1st February 2009, I was going to board the train to Shirdi. On the same day, I went for MRI scan in Delhi. While I was in Shirdi, somebody took the report to the doctor in Delhi and guess what happened? There was no shrinkage in the brain and it was reversed!!! Sai Baba pulled me out of this dreadful situation. The MRI was absolutely normal. This is one of the miracles that I experienced with Sai Baba.

## Baba Fulfilled My Wish

I am working for Credit Swiss Bank in Singapore. My birthday is on 23rd November; I like to celebrate my birthday with Baba so I visit Shirdi every year on 23rd November to get Baba's blessings. Every year when I go to Shirdi I present a dress (chola) to Baba. The dress of Baba is deposited at the counter in Shirdi and they put it on to Baba whenever the turn comes. Hence I could never see Baba wearing the dress I took for Baba. In June 2010 I shifted to Singapore, so in November 2010, I went to Shirdi from Singapore. This year I took three dresses for Baba. From Singapore I first went to Hyderabad, where I used to live earlier. I had only three hours time in Hyderabad, I had the material for Baba's Cholas (dresses) & it was indeed with Baba's blessings that one tailor agreed to stitch 3 dresses for Baba in just three hours time.

When I reached Shirdi on 22nd November I met one of my friends who had good contacts in Shirdi. After depositing all three dresses at the counter I gave my coupon number to my friend

and requested him that I wanted to see Baba wearing my gifted dress on my birthday. He told me that he was depositing eight dresses to the concerned officer (out of those eight dresses three were mine) & Pandit ji will decide which one Baba wears. Now it was my luck whether out of those eight dresses Baba would wear any of my dresses or not. I kept my fingers crossed with a hope that Baba would accept my dress on my birthday.

Around 12:00 p.m. when noon aarti started I saw that Baba was wearing my dress. I was overjoyed. Baba wore that dress till 6:00 p.m. then Baba's dress was changed. I could not believe my eyes when I saw Baba wearing my 2nd dress, which Baba wore till shej aarti at 10:30 p.m. It was white dress. I felt great!

After shej aarti I went and stood in the queue for next day's Kakad aarti. When I was standing in Queue one person was carrying steel spoon & there was jyot in it and he was offering aarti to Baba he asked me to offer aarti to Baba and he gave me the spoon with jyot. I offered aarti to Baba & I felt blessed by Baba. Early morning when I attended Kakad aarti, can you believe that after Mangal snan Baba wore my 3rd dress!!! He wore it till 12:00 p.m. I felt like the most happy person on this earth. Baba fulfilled my desire. Baba has been so kind to me. I bow to Shri Saibaba. Now I am planning to go to Shirdi in April.

## Baba Bestows the Gift of Son

Dr. Beena Pandey of Delhi already had a daughter named Aditi. She was expecting again. But the family did not want to have another child. They were completely happy and content to have Aditi. Hence it was felt that Dr. Beena would go for abortion. Dr. Beena along with her husband Dr. Sanjeev Pandey went to the doctor. The doctor asked them to come next day. Accordingly a room was booked in the hospital for admission of Dr. Beena. The doctor gave some medicine & told Dr. Beena to take on empty stomach before coming to the hospital next day. That very afternoon when Dr. Beena was sleeping, she had a strange

dream. She saw Shirdi Sai Baba in His Divine Form. Baba was sitting on the sofa in her drawing room, Baba straightaway asked her:

"Do you think you are going to do the right thing? Have you lost faith in Me?" Baba appeared to be angry and soon disappeared from her vision.

Dr. Beena woke up & she was utterly surprised. She narrated the

whole incident to Dr. Sanjeev Pandey. Both husband and wife have complete faith in Baba and agreed to follow Baba's command and guidance. They decided to accept the child graciously as a divine gift from Baba. Dr. Sanjeev Pandey talked to his parents about what had happened. Their true faith in Baba convinced them all that

Baba would guide them on the right path. Hence all of them simply waited for the arrival of the child as a blessing of Baba.

At appropriate time Baba blessed the fortunate couple with a son. The entire family was in great joy. It cannot be expressed in words. Obviously, they had left it entirely to Lord Shirdi Sainath to do what He willed. All bowed down to Lord Sainath with a complete sense of gratitude for giving them this divine gift. Later in order to thank Baba the happy and grateful couple went to Shirdi and offered prayer to Baba. The child was given the name Aditya. Today, by the grace of Baba, Aditya is studying in VIII standard and doing well on all fronts. Such is the grace of our Lord Shirdi Sainath! -Tish Malhotra

## Baba Helped me Recover

In September 2004, I was operated for cancer in the Bombay hospital, Mumbai. All the expert doctors assured me that I will be alright if I keep my faith in Sai Baba. I started

concentrating on Sai Baba since then. After some recovery, I was sent to the Dhoot Hospital Aurangabad, for my Radiotherapy treatment as my son was posted in Aurangabad.

I completed my Radiotherapy in one month. After that Dr. Thamane, who is also a Sai devotee guided me for chemotherapy. All the time I was praying for the kind help of Sai Baba.

Again I went for chemotherapy and after the first dose, my condition

became serious. My intestines were swollen and blocked. My whole body was also swollen a lot. I was severely vomiting. Doctors advised my people not to give me water, food and leave me alone. My condition was worsening day by day. The doctors after sonography decided to operate my stomach, which was very risky. The only hope left for my family was blessings of Sai Baba. So miracle happened!

Hours before the operation time at 4 a.m. some magic light splashed over my body, which my wife noticed and immediately I felt some relief. I asked my wife for water saying that I am feeling little relieved. She

reluctantly gave me 2-3 spoons of water. I did not vomit and I felt as if my intestines started working. Doctors came and were astonished to see my recovery; they also started believing in Sai Baba after seeing this miracle.

I recovered with such a speed that I was discharged after 3 days only. I am now 76 years old and keeping good health with the kind blessings of Sai Baba. My whole family believes in Sai Baba. I never miss any chance to visit Shirdi or other Sai Temples.

## Sai Baba's Mystic Appearance

A small boy, Aman Syal of class four was suffering from severe headache as a result of after effects of a very high degree of conjunctivitis so much so that he had to miss school for three months continuously. The doctors gave up all hopes and said that he may never get better with the passage of time. A lady in the neighborhood saw Sai Baba in her sleep at night and was directed to give vibhuti to this child the very next morning. She did so and since that day this child has been applying vibhuti and has been under the grace and care of Baba. Soon his health started improving. Till date, he worships Sai Baba and sees all Gods in Him.

I had gone for a vacation to Mumbai during my school years. We went for a morning walk on the beach. As I put my hand in the sea waves, something came in

my hand. I was taken aback. I took my hand out of the water to see what it was. To my dismay, it was a statue of someone sitting on a throne. I got to know later that it is a statue of Sai Baba of Shirdi and I was asked to take it back home as a blessing and keep it in my room. Little did we know about Baba in my family but I would touch his feet every morning for ten years. Baba made his grace evident on us by tying us (that little child mentioned above and me) in a marital knot. He is the guiding light in us and our daughter Himani. We are forever blessed and cherish His leelas. We offer all our karmas to Sai Baba and hope that we move on the path shown by Him so that His grace and presence give us the feeling that we are also the flowers of His garden.
